REPRESENTING

AMWELL (www.amwell-inc.com)

- Grit Removal Systems (aerated, mechanical collectors)
- Circular Clarifiers and Thickeners (full & half bridge, several feedwell and sludge removal designs)
- Rectangular Clarifiers (metallic and non-metallic chain)
- Rotary Distributors (reaction and motor driven)
- Telescoping Valves

AQUATURBO SYSTEMS, INC. (www.aquaturnbo.com)

- AQUATURBO® AER (surface aerator, high efficiency centrifugal screwPELLER, stainless steel)
- AQUATURBO® MIX (mechanical mixer balanced centrifugal screwPELLER, sst.)
- AQUATURBO® AER/MIX (combination surface aerator/mixer, dual function)

ARLAT, INC. (www.arlat.com)

- Continuously Cleaned Filter Screens (for fine solids removal, timer/level control)
- Screenings Dewatering Press (shaftless screw conveyors, spray wash organics removal)
- Grit Removal Systems (cyclone separation, dewatering, and screw type conveyors)

BAY PRODUCTS, INC. (www.bayprod.com)

- Adsorber Canisters and Deep Bed Adsorption Systems
- Odor Scrub Wet Scrubbers
- Odor Digest Biological Filters

BDP INDUSTRIES, INC. (www.bdpindustries.com)

- Drum Concentrator (dual drum design)
- Gravity Belt Thickener (0.5 to 3.0 meter widths)
- Belt Filter Press (0.5 to 3.0 meter, two- and three-belt designs)

BRENTWOOD INDUSTRIES, INC. (www.brentw.com)

- Accu-Pac® Tube Settler Modules (improved settling efficiencies for water treatment)
- Accu-Pac® Vertical and Cross Flow Structured Sheet Plastic Bio-media
- Accu-Grid® Bio Media Deck Grating (skid resistant, interlocking panels)
- Accu-Web® Submerged Fabric Media (facilitates nitrification, increases overall treatment capacity, improves process stability, resists shock loadings, reduces operating costs)

CBI WALKER, INC. (www.chicagobridge.com)

- Claricone™ Solids Contact Reactor Clarifier (high efficiency solids contact, non mechanical design)
- Egg Shaped Digester (completely mixed anaerobic digester to reduce space and increase digestion efficiency)
- AeroTherm (ATP)™ System (aerobic sludge pretreatment step to improve anaerobic digester performance)

COMPOSITEK, LLC

- FRP Composite Baffle Wall Systems, Inlet Deflectors (for improved tank use and BNR process control)

CONTINENTAL BLOWER, LLC (www.continentalblower.com)

- Multistage Centrifugal Blowers (100 ICFM to 20,000 ICFM)
- Complete Accessory Packages

ENVIRONMENTAL DYNAMICS, INC. (EDI) (www.wastewater.com)

- MaxAir™ Coarse Bubble Diffusers (non-plugging, corrosion resistant)
- FlexAir™ Fine Pore Membrane Diffuser (tubular membrane diffusers, standard & Magnum™ sizes)
- Spectrum™ Fixed Aeration Systems (cost effective header designs for floor mounted installations)
- ATLAS™ Lagoon Aeration Systems (fixed and floating header designs for lagoon and extended air systems)
- CLEAR™ Lagoon Upgrade (nitrification/denitrification, year round, retrofit, existing)

ENVIRONMENTAL FABRICS, INC. (www.environmentalfabrics.com)

- Bio-Separator® and Clearwell® Baffle Systems (for wastewater lagoon & potable water applications, NSF certified)
- Lagoon Liners and Containment Liners (turnkey installation)

HEADWORKS, INC. (www.headworksusa.com)

- Mahr™ Heavy Duty Precision Stainless Steel Bar Screen (coarse or fine)
- Spiralman™ In-channel, Auger-type Fine Screen with Washer Compactor and Bagger
- Transporter™ Shaftless Screw Conveyor
- Transpactor™ Shafted Screw Washer/Compactor
- X-Tractor™ Batch Washer and Compactor
- Perforator™ Fine Perforated Plate Screen with Step Surface (various perforation sizes, screen angles, and options)

KAESER COMPRESSORS, INC. (www.kaeser.com)

- Omega-paK™ Rotary Blower Packages (superior quality, 50 to 5,000 icfm)
- High Efficiency Sound Enclosures
- Engineered Systems for Ease of Maintenance
- 24 Hour Emergency Parts Shipment

MABAREX, INC. (www.mabarex.com)

- Vortex Grit Systems (air lift and pumped removal systems)
- Big Bubble Gun (complete anaerobic digester gas mixing systems)
- Sludge Heat Exchangers (high efficiency sludge-to-sludge, low maintenance, stainless steel)

MSD ENVIRONMENTAL, INC (www.msdenvironmental.com)

- On-site Contract Dewatering Services
- Installation of Belt Filter Press Systems

TENCO-HYDRO, INC. (www.tencohhydro.com)

- Clari-Float® (chemical conditioning with DAF removal, circular & rectangular packaged steel/custom systems)
- Skim-Kleen® (belt type oil skimmer for free oils, low maintenance, continuous operation)
- Scum Concentrator System® (packaged steel concentrator and blended, heated holding tank)

ULTRAFLOTE CORPORATION (www.ultraflote.com)

- Aluminum Geodesic Domes (for odor & temperature control)
- Aluminum Flat Panel Circular and Rectangular Tank and Channel Covers
- Aluminum Geo Truss Arched Covers for Rectangular and Square Tanks

WASTEWATER TECHNOLOGY, INC (www.bio-wheel.com)

- Bio-Wheel™ Wastewater Treatment System
- Fixed Film Aerator (provides suspended and fixed bio-mass)
- Mechanical, Variable Speed Drive (controls aeration and mixing)
- Packaged Systems (concrete or steel tankage)
- Custom Designed Systems (for secondary and advanced (BNR) treatment)

WATER, INC (www.waterinc.biz)

- Extended Aeration Packaged Treatment Plants
- Packaged Circular Clarifiers
(both of modular or field-erected design, 5,000 to 500,000 gpd, fabricated steel construction)
